Trustees are responsible for completing the training and providing District staff with records which indicate both the dates that the Trustee completed the ethics training and the name of the training provider. These records shall be maintained for at least five years after the date of training and may be public records subject to disclosure under the California Public Records Act. District staff shall provide the prospective attendees with information on available training that meets the requirements of this policy at least once every year. participating in a decision, or using official position to influence or attempt to influence a decision in which there is a conflict of interest as defined by law. 4120 Members of the Board of Trustees

Trustees shall thoroughly prepare themselves to discuss agenda items at meetings of the Board of Trustees. Trustees may request information from staff before meetings. Requests by individual Trustees for substantive information and/or research from District staff will be channeled through the General Manager. The General Manager shall be responsible for providing the requested information and shall make all information equally available to all Trustees. If writings are distributed to a majority of the Board in connection with an agenda item, those writings shall be made available to the public in the manner required by law.

Trustees shall at all times conduct themselves with courtesy to each other, to staff, and to members of the audience present at Board meetings. Trustees shall defer to the presiding officer for conduct of meetings of the Board but shall be free to question and discuss items on the agenda. All comments should be brief and confined to the matter being discussed by the Board.

Trustees may request for inclusion in the meeting minutes brief comments pertinent to an agenda item only at the meeting that item is discussed (including, if desired, a position on abstention or dissenting vote).

Abstentions and Failure to Vote: Trustees should not abstain from the Board's decision-making responsibilities unless a personal or financial conflict of interest exists. Trustees abstaining due to a disqualifying conflict of interest will not be counted as part of a quorum and will be considered absent for the purposes of determining the outcome of a vote on the matter. Trustees who fail to vote in the absence of a declared conflict of interest will be counted as part of a quorum and in effect consent that a majority of the quorum will determine the outcome of a vote on the matter.

Trustees may identify themselves as members of the Board at meetings and public or private gatherings. Members of the Board must exercise extreme caution when so identifying themselves, not to represent that they have the power or authority to speak for the Board unless that power or authority has been specifically granted by the Board to the Trustee for the specific purpose or event in which the Trustee is engaged.

4125 Training, Education, and Conferences

The Board recognizes that the specific Board responsibilities include setting the direction for the district, establishing and supporting the structure of the district, holding the district accountable on behalf of the community, and serving as community leaders. Trustees are encouraged to attend educational conferences, seminars, trainings, and professional meetings when the purpose of any such activity is to improve District operation or enhance leadership skills. Trustees shall not attend a conference or training event when it is apparent that there is no significant benefit to the District. Trustees shall not attend or engage in any tour or journey for pleasure at public expense (e.g. "junkets" or other such events) that are not beneficial to the District. There is no limit to the number of Trustees attending a particular activity when it is apparent that attendance is beneficial to the District, as long as a majority of the members of a body do not discuss issues related to their local agency's business. Each Trustee shall take eight (8) hours of training, per elected trustee term, in governance and personnel relations beyond the legally required minimums.

Mendocino County Russian River Flood Control & Water Conservation Improvement District **Policies**

It is the policy of the District to encourage Board development and excellence of performance by reimbursing actual expenses incurred for tuition, travel, lodging and meals as a result of training, educational courses, participation with professional organizations, and attendance at local, state and national conferences associated with the interests of the District.

The General Manager shall process reimbursements for Trustees for conference tuition and registration expenses, and for per diem expenses. Per Diem expenses, when appropriate, shall include meals, lodging, and travel. All expenses for which reimbursement is requested by Trustees, or which are billed to the District by Trustees, shall be submitted to the General Manager, together with validated receipts. All reimbursements shall be made in accordance with applicable State and federal law, including but not limited to Internal Revenue Service Guidelines. Attendance by Trustees at seminars, workshops, courses, professional organization meetings, and conferences shall be approved by the Board prior to the District incurring any reimbursable costs. Expenses to the District for Trustees' training, education, and conferences should be kept to a minimum by reserving early, utilizing discounted rates and other economically beneficial practices.

A Trustee shall not be reimbursed for expenses incurred at any educational conference, seminar, training, or professional meeting event if such event occurs after the District has announced that Trustee's pending resignation, or if such event occurs after an election in which it has been determined that the Trustee will not retain their seat on the Board.

Upon returning from educational conferences, seminars, trainings, and professional meetings where expenses are reimbursed by the District, Trustees will either prepare a written or verbal report for presentation at the next regular meeting of the Board. Said report shall detail what was learned at the session(s) that will be of benefit to the District. Materials from the session(s) may be delivered to the District office to be included in the District library for the future use of other Trustees and staff.

4126 Trustee Compensation

Trustees are eligible for compensation for the performance of official duties. Trustee compensation shall be \$100 per day for four (4) or more hours and \$50 for less than four (4) hours of services rendered on behalf of the District. Services provided include attendance at:

- Trainings, conferences, and educational activities that are related to the business of the District and/or service as a Trustee.
- Meetings, field visits, tours, or other events representing the District as requested by the Board or the General Manager and/or acting as an Officer of the Board or Trustee Advisor to the General Manager as assigned by the Board.

Mendocino County Russian River Flood Control & Water Conservation Improvement District **Policies**

The maximum number of days for which a Trustee may receive compensation shall not exceed ten (10) days in a calendar month, irrespective of the number of days which the Trustee attends meetings of the Board, other meetings as appointed by the Board, or otherwise provides service as a Trustee at the request of the Board or the General Manager, as designated by the Board. In addition to the amount a Trustee may receive as daily compensation, Trustees shall also be reimbursed in accordance with the District's expense reimbursement policy, as amended from time to time.

On December 2nd of each year the per diem compensation shall increase by five percent (5%) consistent with Water Code Section 20202. The Board shall make a determination annually during the Fiscal Year Budget approval if it wishes to accept the annual increase in per diem compensation.

4200 Board Meetings

All meetings of the Board shall be held in the room known and designated at the "Board Room" located in the District Offices, provided, that if, by reason of fire, flood, earthquake, or other emergency, it shall be unsafe to meet in said Board Room, the meetings shall be held at such place as is designated by the President, either within the boundaries of the District, in which event notice of such place of meeting shall be given in the manner required for giving notice of special meetings. Notices and Agendas of all meetings of the Board will be posted in accordance with the rules and regulations set forth in the Ralph M. Brown Act. Meetings must have a quorum of the Board or there will be no meeting.

Regular meetings: At the December meeting of each year, the Board will approve the holiday and Board meeting calendar for the following year which will be posted on the District website. Regular meetings of the Board are held on the first Monday of each month, at 5:30 p.m. with exceptions such as for holidays. The date, time and/or place of regular Board meetings may be reconsidered at any time as the Board may determine due to a change in District needs and circumstances.

Special meetings: Special meetings of the Board may be called by the Board President or by a majority of the Board, subject to the rules and regulations set forth in the Ralph M. Brown Act.

All Trustees shall be notified of the special Board meeting and the purpose or purposes for which it is called. Notice of the meeting shall be posted on the District website and distributed to any person who has requested to receive meeting notices by serving a copy of the agenda at least 24 hours before the meeting. Only those items of business listed in the call for the special meeting shall be considered by the Board at any special meeting.

Emergency Meetings: In the event of an emergency situation involving matters upon which prompt action is necessary, the Board may hold an emergency meeting without complying with the 24-hour notice requirement. An emergency situation means either, as determined by a majority of the Board: (1) a work stoppage, crippling activity, or other activity that severely impairs public health or safety; or (2) a crippling disaster, mass destruction, terrorist act, or threatened terrorist activity that poses immediate and significant peril (a dire emergency). When possible, notice shall be posted to the District website, distributed to any person who has requested to receive meeting notices, and provided to the media outlets, if deemed necessary. Notice of the adjourned meeting shall be posted on or near the door of the meeting within 24 hours after the adjournment and the adjourned meeting shall be noticed in the same manner as a special meeting.

4203 Board Actions and Decisions

Action can only be taken by the vote of the majority of the Board. Three (3) Trustees represent a quorum for the conduct of business. A member abstaining in a vote is considered as absent for that vote. A member abstaining due to a conflict of interest does not count towards a quorum.

The Board may give directions that are not formal action. Such directions do not require formal procedural process. Such directions include the Board's directives and instructions to the General Manager. The President shall determine by consensus a Board directive and shall state it for clarification. Should any two (2) Trustees challenge the statement of the President, a voice vote may be requested.

A formal motion may be made to place a disputed directive on a future agenda for Board consideration, or to take some other action (such as refer the matter to the General Manager for review and recommendation, etc.).

Informal action by the Board is still Board action and shall only occur regarding matters that appear on the agenda for the Board meeting during which said informal action is taken.

Nothing in this policy prevents the Board from providing direction to the General Manager in response to public comments or under Trustee or General Manager comments, as allowed under the Brown Act. No vote or action shall be taken.

The Board shall allow public comment on any closed session item before going into closed session.

Items not on the agenda: The Board shall not discuss or take action on any item that does not appear on the posted agenda except that the Board may act on items not on the agenda to address emergency situations, subsequent need items, and hold-over items from a continued previous meeting held within the prior five days. The Board may also respond to public comments and make announcements.

4215 Brown Act Compliance – Open Meeting Requirements

The Legislature adopted the Brown Act, commonly referred to as California's "Open Meetings Laws" in 1964. The Brown Act is contained in Government Code section 54950 et seq. The Brown Act is broadly construed, and compliance is constitutionally mandated.

All meetings of the Board shall comply with the Brown Act. Meetings occur whenever the majority of the Board meets to discuss District business. Members of the Board include newly elected and appointed officials prior to assuming office. Meetings through the use of intermediaries, serial communications, or emails are prohibited. The Board shall only take action during a properly noticed meeting. All Board meetings shall be open and freely accessible to the public, including those with disabilities.

4220 Minutes of Board Meetings

The General Manager shall keep minutes of all regular and special meetings of the Board. Copies of a meeting's minutes shall be distributed to Trustees as part of the information packet for the next regular meeting of the Board, at which time the Board will consider approving the minutes as presented or with modifications. An audio tape or video recording of regular and special meetings of the Board may be made and preserved according to the Brown Act. Members of the public may inspect recordings of Board meetings without charge. Motions, resolutions or ordinances shall be recorded in the minutes as having passed or failed. The motion makers, and individual votes will be recorded. A unanimous vote shall be recorded as a vote in favor by each member. 4225 Review of Administrative Decisions

The provisions of California Code of Civil Procedure §1094.6 shall be applicable to judicial review of all administrative decisions of the Board pursuant to the provisions of §1094.5 of said code. The provisions of §1094.6 shall prevail over any conflicting provision and any otherwise applicable law, rule, policy or regulation of the District, affecting the subject matter of an appeal. In accordance with §1094.6, the time to seek judicial relief shall be 90 days following the date in which the Board's decision becomes final. Mendocino County Russian River Flood Control & Water Conservation Improvement District **Policies**

4230 Rules of Order for Conduct of Board and Committee Meetings

Action items shall be brought before and considered by the Board by motion in accordance with this policy. These rules of order are intended to be informal and applied flexibly. The Board prefers a flexible form of meeting and, therefore, does not conduct its meetings under formalized rules such as Robert's Rules of Order.

If a Trustee believes order is not being maintained or procedures are not adequate, then the Trustee should raise a point of order - not requiring a second - to the President. If the ruling of the President is not satisfactory to the Trustee, then it may be appealed to the Board. A majority of the Board will govern and determine the point of order.

Any Trustee desiring to speak should address the President and, upon recognition by the President, may address the subject under discussion.

Any Trustee, including the President, may make or second a motion. Once the motion has been made and seconded, it is open to discussion and debate. After the matter has been fully debated, and after public comment, the President will call for the vote. If the public in attendance has had an opportunity to comment on the proposed action, any Trustee may move to immediately bring the question being debated to a vote, suspending any further debate. The motion must be made, seconded, and approved by a majority vote of the Board.

Secondary Motions: Ordinarily, only one motion can be considered at a time and a motion must be disposed of before any other motions or business are considered. There are a few exceptions to this general rule, though, where a secondary motion concerning the main motion may be made and considered before voting on the main motion:

- Motion to Amend: A main motion may be amended before it is voted on, either by the consent of the Trustee who moved and seconded, or by a new motion and second.
- Motion to Table: A main motion may be indefinitely tabled before it is voted on by motion made to table, which is then seconded and approved by a majority vote of the Board.
- Motion to Postpone: A main motion may be postponed to a certain time by a motion to postpone, which is then seconded and approved by a majority vote of the Board.
- Motion to Refer to Committee: A main motion may be referred to a Board committee for further study and recommendation by a motion to refer to committee, which is then seconded and approved by a majority vote of the Board.
- Motion to Close Debate and Vote Immediately: As provided above, any Trustee may move to close debate and immediately vote on a main motion.
- Motion to Adjourn: A meeting may be adjourned by motion made, seconded, and approved by a majority vote of the Board before voting on a main motion.

By motion made, seconded and approved by a majority vote, the Board may, at its discretion and at any meeting:

- a) temporarily suspend these rules in whole or in part;
- b) amend these rules in whole or in part; or,
- c) both.

STAFF REPORT

Agenda Item 6: Financial Policy Update

Monday, October 7, 2024

The Strategic Plan relevant priority is **Administration** through sound and sustainable management of District Finances.

Background

The Board approved updated Financial Policies on August 5, 2024 including the reformatting into a Policy Manual, and an additional Capital Assets Policy on September 9, 2024.

Discussion

At the time of approving the Financial Policies in August 2024, the Board asked the Treasurer and General Manager to review the Reserves Policy and present any suggested changes. The following suggestions are being presented for discussion. Trustees are welcome to suggest additional updates and may refer to the **attached** 2150 Reserve Policy in full.

Emergency Reserve:

Purpose: This amount is intended to be protection against catastrophic loss and to provide a cushion in the event of unexpected circumstances.

Limit: ~~25 percent of the value of fixed assets~~

Limit: 15% of annual operating expenses

The District has a small value of fixed assets. Linking the emergency reserve to annual expenses could be a more relevant benchmark. Below compares the current and suggested limits:

25% of fixed assets = \$37,500

15% of operating expenses = \$73,800

Water Supply Reliability Reserve:

Treasurer Bailey will lead a discussion on consideration of a methodology for setting reserve goals and how to reflect in policy.

Policy Title

Staff is also recommending changing the title from “2150 Reserve Policy” to “2150 Reserves.”

Recommendation:

- Move to adopt changes to Policy 2150 Reserves (stating the changes);
or
- Or continue item to a future meeting.

Policies

2150 Reserve Policy

The District shall maintain reserve funds from existing unrestricted funds as designated by the District's Reserve Policy. The Board of Trustees adopts policies to maintain a prudent level of financial resources and provide cost-effective, efficient public services through a stable rate structure and gradual rate increases. The District must be prepared for larger-scale regional investments that help to secure water resources within its service area and must be prepared for sudden emergencies and unexpected costs. This policy establishes the procedure and level of reserve funding to achieve the following specific goals:

- a) Fund replacement and major repairs for the District's physical assets.
- b) Fund regular replacement of computer hardware and software.
- c) Fund designated projects, programs, and/or other special uses not otherwise funded by grants or requiring additional monetary support;
- d) Fund capital improvements; and
- e) Maintain minimal operational sustainability in periods of economic uncertainty.

Use of District Reserves is limited to available "Unrestricted" Funds (not obligated by law, contract or agreement), including donations, interest earned, fees for service, or other non-grant earnings. All special use funds will be designated by formal action of the Board of Trustees. The goal of the District is to maintain reserves at a level that equals or exceeds the sum of the following components:

- a) Operating Reserve:
Purpose: This amount is intended to mitigate funding six months of operating expenses.
Limit: 50 percent of the annual operating expense budget.
- b) Capital Reserve:
Purpose: This amount is intended to replace existing assets and fund future capital projects
Limit: 15 percent of gross fixed assets as of the audit of the prior year plus 10 percent of the annual operating expense budget.
- c) Emergency Reserve:
Purpose: This amount is intended to be protection against catastrophic loss and to provide a cushion in the event of unexpected circumstances.
Limit: 25 percent of the value of fixed assets
- d) Water Supply Reliability Reserve:
Purpose: Reserves set aside for the specific purpose of securing/purchasing water supply and/or infrastructure for storage or supply distribution.
Limit: The costs associated with the District's share of these expenses could be as high as \$100 million. However, in order to initiate a prudent policy direction, the limit of this reserve shall not exceed \$20 million without further agreement on specific project participation and reserve assignment.

The District does not have a firm value to determine a contribution factor for Water Supply Reliability Reserve. Therefore, this Reserves Policy establishes that when revenue deposits exceed the account limits specified in District Policy, those exceedances will be deposited into Water Supply Reliability Reserve.

Monitoring Reserve Levels: The General Manager, in collaboration with the Treasurer, shall perform a reserve status analysis annually, to be provided to the Board of Directors' annual deliberation/approval of Budget and Reserve Funds.

Additional information may be provided to the Board of Trustees upon the occurrence of the following events:

- a) When a major change in conditions threatens the reserve levels established by this policy or calls into question the effectiveness of this policy;
- b) Upon General Manager and/or Board request.

STAFF REPORT

Agenda Item 8, Water Supply Conditions

Monday, October 7, 2024

The Strategic Plan relevant priorities are: **Security** through ensuring reliable, resilient, and available sources of water; **Advocacy** in support of equitable water resource stewardship; and **Use** of water in effective and beneficial ways as a public resource, all in alignment with the District’s Mission to steward water resources for the benefit of people and the environment.

Operations of the Trans-Basin Diversion Through PG&E Owned “Potter Valley Project”

The Federal Energy Resources Commission (FERC) approved the 2024 flow variance submitted by PG&E in late June. At the most recent PG&E Drought Working Group meeting, PG&E reminded Group members that the current flow variance will end when Lake Pillsbury storage is at or above 36,000 acre feet (af) after October 1, 2024. At the time of the PG&E meeting, storage at lake Pillsbury was around 37,000 af. For the Russian River diversion, the minimum flow for the East Branch RR above Lake Mendocino was 5 cfs but will automatically increase to 25 cfs on Oct 1 per the variance. Beginning Oct 2nd, PG&E will evaluate storage levels for potential exit of variance.

On October 2nd, PG&E announced the termination of the 2024 Flow Variance due to Lake Pillsbury storage exceeding 36,000 acre feet. More information: <https://rrfc.specialdistrict.org/updates>

Lake Pillsbury Storage and Target Storage Scenarios

(Continued...)

Lake Mendocino and the Mainstem Upper Russian River

Lake Mendocino storage level was 63,567 acre feet (af) on September 30, 2024, down from 72,876 af on September 3, 2024. As of October 1, 2024, the State Water Resources Control Board Division of Water Rights has not yet responded to the Sonoma Water filed temporary urgency change petitions. The petitions seek authorization to implement a hydrologic index based on Lake Mendocino storage values, rather than the current index based on cumulative inflow into Lake Pillsbury, starting November 1, 2024. In the absence of the proposed changes, the applicable minimum instream flow requirements may require releases of water from Lake Mendocino and Lake Sonoma at levels that would risk significant depletions of storage levels that could cause impacts to human health and welfare and reduce water supplies needed for protection of listed salmon species in the Russian River. Therefore, Sonoma Water proposes alternative monthly storage values, in lieu of cumulative Lake Pillsbury inflow, to define the water supply conditions that determine which minimum instream flow requirements. The current Temporary Urgency Change Order is in effect until October 15, 2024 or superseded by another Order.

Erik Ekdahl, Deputy Director of Water Rights

Division of Water Rights
PO Box 2000

Dear Mr. Ekdahl,

**RE: Support for Temporary Urgency Change filed in August 2024
for Permits 12947A, 12949, 12950, and 16596 held by Sonoma Water Agency**

The Mendocino County Russian River Flood Control and Water Conservation Improvement District (RRFC) supports approval of Sonoma Water Agency's recently filed Petition for Temporary Urgency Change (TUCP.)

The State Water Resources Control Board (Water Board) staff has been extremely active and engaging with stakeholders in the Russian River watershed over the last four years and is keenly aware of our current and future water supply issues. The region's water supply is vulnerable and the TUCP is one of the most important tools for the Upper Russian River to maintain vital storage reserves while making needed water available for beneficial use. RRFC supports and applauds Sonoma Water for its continued diligence in monitoring, filing TUCPs, managing, outreach & education, advocacy, and regional collaboration. Sonoma Water's efforts benefit all water uses and users in the Russian River watershed.

The next year or two are crucial in the watershed as we adjust to the rapidly changing conditions of the Eel River to Russian River trans basin diversion. Locally, there is a significant investment of resources to support the community through the transition. While long term solutions are being developed, the TUCP is a required tool to buffer from extremes.

Russian River Flood Control thanks you for your consideration of these comments. It also extends sincere appreciation for the resources expended in the Russian River by the State Water Resources Control Board since 2020 and collaboration that bolsters the region's water security and resiliency.

Yours Sincerely,

Elizabeth Salomone

Re: President's Special Acknowledgement Award – Property/Liability Program

Dear Christopher,

On behalf of SDRMA Board of Directors and staff, it is my great pleasure to extend our heartfelt congratulations to you, your governing body at Russian River Flood Control and Water Conservation Improvement District, management, and staff on achieving an outstanding milestone of maintaining an impeccable record of zero "paid" claims for the Property/Liability Program years 2019-2024. A "paid" claim for the purposes of this recognition represents the first payment on an open claim during the prior program year and excludes property claims.

As a symbol of our appreciation and acknowledgment of your exceptional performance, we are honored to present Russian River Flood Control and Water Conservation Improvement District with the *President's Special Acknowledgement Award*, representing our admiration for your outstanding achievement and our encouragement to continue your excellent work. In addition to this annual recognition, members with no "paid" claims receive the following, all resulting in a reduction to their annual contribution amount:

- during 2023-24 earned one credit incentive point (CIP)
- for the prior five consecutive program years earned three additional bonus CIPs

This remarkable accomplishment is a testament to your agency's unwavering commitment to risk management excellence and a culture of safety and proactive governance. By consistently prioritizing risk management and fostering an environment where safety and diligence are paramount, your agency has set a standard of excellence that is truly commendable.

The success you have achieved is not by chance, but through the dedication, hard work, and collaboration of your entire team. It reflects the high level of professionalism and care with which you approach your responsibilities and serve your community.

Please accept our sincerest thanks and appreciation for your efforts in making your agency a model of excellence within the special district community. We look forward to continuing our partnership and supporting you in all your future endeavors.

Once again, congratulations on this extraordinary achievement. May your agency continue to thrive, setting an inspiring example for others.

Sincerely,
